

The Boston Pizza Foundation

Future Prospects Award for JDRF

Letter of Recommendation - Mentor

Award Program For JDRF

Program Overview

JDRF is pleased to partner with the Boston Pizza Foundation to establish the Boston Pizza Foundation Future Prospects Award Program for JDRF. This Award Program was designed to shine a light on the importance of recognizing young persons who are leaders, role-models and mentors in their T1D communities.

The Boston Pizza Foundation Future Prospects Award Program for JDRF helps ease the financial burden of post-secondary education for young people by covering a portion of tuition and/or text books and materials relevant to their studies. The Award Program is open to youth and young adults aged 17 and over who live in Canada and who will be pursuing, or continuing their post-secondary, Masters, and/or post-doctoral programs in an accredited post-secondary institution in the fall of 2019.

**There will be twenty (20)
\$5,000 awards available.**

To assist with the evaluation process, applicants are required to obtain a letter of recommendation from an adult or a non-family member who has observed the student's growth and contribution to the T1D community, and who knows him/her well enough to provide insight into the his/her leadership, mentoring and/or awareness-building skills. A mentor can be an employer, supervisor, teacher, and coach or community leader

Please include the following information in your letter:

A. Your Contact Data:

Name, title, mailing address, telephone number(s), and email address (optional)

B. Student Information:

Applicant's name, how many years you have known each other and in what capacity.

C. Reference Comments:

Please endorse and provide additional background information about the applicant that the Selection Committee should consider in the award review process. Include specific examples that will help the Committee to assess the applicant's initiative, leadership, community awareness-building and why he/she is an exemplary role model for his/her peers.
